

Salisbury Square

Year: 2025

Main Contractor: Mace

Architect: Eric Parry Architects

Stanta will be providing all SFS infill walls to this prestigious new development in the heart of London for key client Mace Facades in 2025 following a long tender process to develop the design. Stanta scope includes a mix of 150mm & 200mm SFS profiles covered with Y-Wall calcium Silicate boards and Obex 0500 FR EPDM.
