

Victoria Road Crossover Box HS2

Year: 2025

Main Contractor: Skanska Costain

Architect: HS2

Stanta have been appointed by long time client Prater to design, supply and install all SFS infill works to 3 separate blocks at the new HS2 crossover Head Houses in Old Oak common. Scope includes a complex mix of 200mm SFS profiles sheathed in Y-Wall boards, Security Mesh and EPDM/membranes. Work begins onsite in 2026.
